Ogbueshi Anthony Chukwunonyelim Ofili, who hails from Umugbagbi Village, Umuonaje Quarters, has commended Chilota Home Care Foundation for its sustained philanthropic interventions across the five quarters of Asaba Kingdom.

Ogbueshi Anthony Ofili, who paid a visit to Obi Lt. Chukwuemekalim Onyemanaogaeme Ajufoh and his wife, Obi Nwanyi Adamma Ajufoh, said he was moved by the humanitarian activities of the Foundation which he saw on social media and decided to support with his widow's mite. He assured that he will continue to support the NGO at intervals.

"We don't have a welfare and support system for the elderly and the vulnerable here in Nigeria like in the civilized world, so when I came across your Foundation's gesture on social media, I decided to lend a helping hand no matter how small," Ogbueshi Ofili affirmed.

Welcoming him to his residence, Obi Lt. Onyemanaogaeme Chukwuemekalim Ajufoh and his wife commended Ogbueshi Ofili for his thoughtful gesture towards supporting Chilota Home Care Foundation. Obi Ajufoh reminded him that the sharing of food packs in Ahaba Ebo Ise is a weekly activity carried out by the NGO.

Obi Nwanyi Adamma Ajufoh expressed her heartfelt gratitude to the donor and assured him of continuous collaboration going forward. "Whenever we are distributing meals, we will also mention your name to the recipients so you will also be included in their various prayers," Anasi Obi Ajufoh noted.

Chilota Home Care Foundation remains committed to uplifting the vulnerable and restoring hope in the community.
